

Judy Sharp

Judy Sharp has served at the BYU Family History Library for nearly 5 years. A convert to the church, she has worked extensively in FamilySearch and has had the privilege of finding and submitting work for approximately two thousand of her own ancestors so far. She serves on the Training Committee at the BYU Family History Library and has taught numerous classes on family history. In her professional career as a nurse, among other duties, she was over patient and staff education for many years. She feels privileged to be serving here at BYU and to learn at the feet of many polished experts who have had lifelong journeys and great knowledge in Family History. They have taught her much and have been a great source of inspiration to her.

Among her other callings, she has been a Ward Family History Consultant and knows what it feels like to come into that calling not knowing anything, not knowing where to get the knowledge that she needed, and having little time to learn it. This was the inspiration for this series of short presentations to teach the basics of Family History.
