2- In the summary box click on **tree.**

3- Click on **Descendancy** "eye glass" icon.

4- Click on **4** generations

5- **Uncheck** portraits in the drop down menu

7- Look for people with **no spouses**. (You can do temple work for the spouses of our ancestors and their children and the children's families. We cannot do temple work for a spouse's parents or siblings but we can seal that spouse to their parents even if they don't have any other ordinances done)

# "Ordinances Ready" in FamilySearch Phone App: Sign in to FamilySearch with your username and password then go to tree view

On iPhone tap on the temple icon

On Android, tap on 3 lines top left. On the menu that comes up, tap on the "Temple"

Tap on **circle** by name to do ordinance or tap on green tab "Ordinances Ready" to choose what ordinances you want to do. Or choose same from **top**.
